If you live in New York City in the 1960's

And you're tired of having your stuff scuffed

And tossed about by some Boulez-loving lout

Who is out to make your home all atonal

Call Philip and Steve's Furniture Removal Company

They will, with minimal disruption to your routine, change your whole scene

They'll take it apart, put it back together

Strangely familiar but never quite the same again

They'll do it again, and again, and again...
