

Queuejumper

The Divine Comedy

I jump the queue, I jump the queue
I jump the queue 'cause I'm smarter than you
I jump the queue, I jump the queue
I jump the queue 'cause I'm better than you, yeah

I jump the queue, I jump the queue
I jump the queue 'cause I'm smarter than you
I jump the queue, I jump the queue
I jump the queue 'cause I'm better than you

Red lights
Red lights are all I see
Red lights
Red lights don't apply to me
Red lights
Red lights are just for you
Red lights
You stop if you want to

I jump the queue, I jump the queue
I jump the queue 'cause I'm smarter than you
I jump the queue, I jump the queue
I jump the queue 'cause I'm better than you

I'm better than you, I'm better than you
I don't have to play by the usual rules
I take what I want 'cause it's there to be taken
And you're just jealous of the money I'm making

Red lights
Red lights are all I see
Red lights
Red lights don't apply to me
Red lights
Red lights are just for you
Red lights
You stop if you want to

I'm gonna cruise on through
Yeah, hey

I jump the queue, I jump the queue
I jump the queue 'cause I'm smarter than you
I jump the queue, I jump the queue
I jump the queue 'cause I'm better than you

I'm better than you, I'm better than you
I don't have to play by the usual rules
I take what I want 'cause it's there to be taken
And you're just jealous of the money I'm making

Red lights
Red lights are all I see
Red lights
Red lights don't apply to me
Red lights
Red lights are just for you

Red lights
You stop because you want to
