Wrong Direction

The Dixie Cups

Hey there
You there
Walking down the street cute as you can be

I say hey there
You there
Won't you stop and talk with me

But you're walking in the wrong direction
I have another nice suggestion
Stop and turn around
My heart's going up and down
Baby, please, won't you come and go with me

I say hey there
You there
Do you believe in love at first sight

I say hey there
You there
If you do then come and let me hold you tight

I'd love to put my arms around you
I'd love to know that you desire me too
Stop and turn around
My heart's going up and down
Baby, please, won't you come and go with me

My oh my
How I cry
When I look into your eyes I'm almost hypnotised

Why why
Do I sigh
Cause baby does hey [?] maybe you can do it if you try

Stop and turn around
My heart's going up and down
Baby, please, won't you come and go with me
