Going Through Walls

The Dø

You walk straight ahead
Straight ahead
That was your last call
You walk straight ahead
Straight ahead
Right into the wall

Look in the mirror
Do you like what you see?
Is it reality, or visions of me?
Look in the mirror
Can you see through the glass?
The other side
Is apetizing in fact

You walk straight ahead
Straight ahead
Right into the wall

Tell your imaginary friends to come round
Are they reality or visions of us?
You got me doing things I don't understand
I've lost control and now I'm doing headstands

You walk straight ahead
Straight ahead
That was your last call
You walk straight ahead
Straight ahead
Right into the wall

Look out the window is the weather unclear?
We're losing height I fear collision is near
It's a reminder we won't make it in time
Slip on your parachute
And jump where it's right

You walk straight ahead
Straight ahead
Right into the wall

Look in the mirror
Do you like what you see?
Is it reality, or visions of me?
Look in the mirror
Can you see through the glass?
The other side is always hollering back

You walk straight ahead
Straight ahead
That was your last call
You walk straight ahead
Straight ahead
Right into the wall
