

Keep Your Lips Sealed

The Dø

Now
Just do as I say
Keep your lips sealed
Walk away
Now
Just do as I say
Keep your sweat cold
Don't betray

Now
Just do as I say
Keep your lips sealed
Walk away
Now
Just do as I say
Keep your sweat cold
Don't betray

Now
Just do as I say
Keep your lips sealed
Walk away
Now
Just do as I say
Keep your sweat cold
Don't betray

Someone took me by surprise
I was cast among the stars
Read my lips I'm lost for words
Felt like just another jerk
I bumped into rainbow walls
Heard a million voices call
Why didn't i understand
Someone's hand was holding out

Now
Just do as I say
Keep your lips sealed
Walk away
Now
Just do as I say
Keep your sweat cold
Don't betray

I must have been missing out
This looks like a brand new start
Once in a while things collapse
We can make it better next
Where's my courage where's my spine
Made a million voices lie
Woke up in a frenzy
Someone's hand was holding out

Now
Just do as I say
Keep your lips sealed

Walk away
Now
Just do as I say
Keep your sweat cold
Don't betray

Now
Just do as I say
Keep your lips sealed
Walk away
Now
Just do as I say
Keep your lips sealed
Walk away

Nothing
Now
I must listening
This next
Brand new
Holding out

Now
Just do as I say
Keep your lips sealed
Walk away
Now
Just do as I say
Keep your sweat cold
Don't betray
