

Miracles (Back in Time)

The Dø

Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna, really wanna go?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back?

I still have some pictures on my wall
I still know the places where they're from
I still find all answers in my dreams
I still feel the gum under my shoe

How about holding a palm full of miracles
How about building a house on the moon

Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back?

I still care about you being well
I still wonder how we conquered hell
I still love this nonsense team we make
I still think we're twisted both the same

How about holding a palm full of miracles
How about building a house on the moon

Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna, really wanna go?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna go back in time?
Do you really wanna, really wanna go?
Do you really wanna go back in time?
