Slippery Slope

The Dø

Walk walk walk me home
Let me live my life on hold
Crossroads where we at
You go right I take left

Walk walk walk me home
Let me live my life on hold
Crossroads where we at
You go right I take

Halfway down the cliff
No way up
No way back
Stuck in the middle I'm
Stuck in the middle I'm

Halfway down the cliff
No way up
No way back
Stuck in the middle I'm
Stuck in the middle I'm

Jeopardized
Paralysed
Shut your mouth
Analyse
What?s the prize, what's the prize
Guide has died, guide has died

Both, both, both, both, both, both
Both ways open jaws
Waiting for me to drop off
Both ways open jaws
In a second I let go

Talk talk talk me not
Got my brain standby mode
Left half right half
None is responding

Slippery slippery slippery slippery slope
Slippery slippery slippery slippery slope
Slippery slippery slippery slippery slope
Slippery slippery slippery slippery slope

Goldfish in a bowl
Got my brain full of holes
Left half right half
No one's in charge here

Goldfish in a bowl
Got my hands covered in
Blood and I cannot
Stop this haemorrhage

Goldfish in a bowl
Got my hands covered in

Blood and I cannot
Stop this haemorrhage

Jeopardized
Paralysed

Jeopardized
Shut your mouth
Analyse
Shut your mouth
Shut your mouth
What's the prize, what's the prize
What's the prize
Guide has died, guide has died

Slippery slippery slippery slippery slope
Slippery slippery slippery slippery slope
Slippery slippery slippery slippery
Slippery slippery slippery slippery
Slippery slippery slippery slippery
Slippery slippery slippery slippery
Slippery slippery slippery slippery slope
