

Competition

The Dodos

your day in court
will this take hold
competition
competition

is this your goal
my friend, my foe
competition
competition

can I protect it
would I have to be
up on my language
though I'm leaning towards it
if I help you
is it helping me
I can't reject you
though I turning from it
your direction's
what I'm heading for
I'm on your heels yeah
waiting for the finish
disconnected
it is what I'm calling for
I can't believe it
that I'm falling for it

if I let you go
could I forget you
and if I let you know
who I'm modeling after
I guess you know by now
who I choose to go after
don't think you know me now

perfection, protected, oh
perfection, reflected, oh
perfection, protected, oh
perfection, reflected, oh

if I let you go
could I forget you
and if I let you know
who I'm modeling after
I guess you know by now
who I choose to go after
don't think you know me now
