

## Split Decision

The Dodos

Straight down to the bottom  
We've been here before  
Whatever place you're in won't matter much anymore  
Outcome might be narrow  
Not much room to go  
Whatever clock gets hit, strike zero then hit the floor

Whatever mess this is, we're better  
Don't give in, I won't let us  
How did it come to this? No matter  
Don't give in, I won't let us  
Whatever happens next, I'm ready  
Don't give in, I won't let us  
Time never did exist, why should we?  
Don't give in

Why stay in the shallows?  
Got much left to prove  
Why do you get ahead then wallow in what you lose?

Whatever mess this is, we're better  
Don't give in, I won't let us  
How did it come to this? No matter  
Don't give in, I won't let us  
Whatever happens next, I'm ready  
Don't give in, I won't let us  
Time never did exist, why should we?  
Don't give in, I won't let us

Whatever mess this is, we're better  
Don't give in, I won't let us  
How did it come to this? No matter  
Don't give in
