

# Transformer

The Dodos

What is a song?  
What is love?  
What does a song hold?  
Was it love?

What is a song?  
What is love?  
What does a song hold?  
Was it love? love?

Restlessness  
In the light of the morning  
What is real?  
Are my words still resenting?

As they were  
Transformation  
Visible  
Transformer

What is a song?  
What is love?  
What does a song hold?  
Was it love?

What is a song?  
What is love?  
What does a song hold?  
Was it love? love?

Restlessness  
In the light of the morning  
What is real?  
Are my words still resenting?

As they were  
Transformation  
Visible  
Transformer

From a barrels omen  
Mind is aging  
From a second hanslow  
Doubt in maybe  
Too late for finding  
Some better way to say

And do you need me?  
I only heard...  
Do you need me?  
I only heard...
