

Play My Game

The Donnas

Well you can play my game
If you just tell me your name
And you can play my game
But I'll put you to shame

I almost broke my highest score
When you walked through that door
I lost my game and you're to blame
I could have been in the hall of fame

Let's play ball we don't need a court
Just you and me baby full contact sport
And there's no ref to tell us to stop
So we can play until we drop

Br. Well you can play my game
Hey
Well you can play my game
Hey hey hey

I'll let you flip my flipper
If you let me unzip your zipper
Come on let's play ten more rounds
I wanna take you outta bounds
