

## Down on the Farm

The Doors

Don't need none today  
His mind has gone astray  
'Cause we don't need none today  
Did you hear what I say?  
Don't need none today

Gonna run a rainbow ragged  
City life's a real bad habit  
All the boys are down on the farm

Gonna run a rainbow ragged  
City life's a real bad habit  
C'mon along it won't do you no harm  
We're goin' down on the farm

Don't need none today  
His mind has gone astray  
'Cause we don't need none today  
Did you hear what I say?  
Don't need none today

Gonna run a rainbow ragged  
City life's a real bad habit  
All the boys are down on the farm

Gonna run a rainbow  
Gonna run a rainbow  
Gonna run a rainbow  
Gonna run a rainbow

Gonna run a rainbow ragged  
City life's a real bad habit  
C'mon along it won't do you no harm  
All the boys are down on the farm
