The Doors

## G7

Let's swim to the moon  
Uh huh  
Let's climb thru the tide  
Penetrate the evenin' that the city  
sleeps to hide

## D7

Let's swim out tonight, love  
It's our turn to try

## G7

Parked beside the ocean  
On our moonlight drive

## A7

Let's swim to the moon  
Uh huh  
Let's climb thru the tide  
Surrender to the waiting worlds that  
lap against our side

## E7

Nothin' left open  
And no time to decide

## A7

We've stepped into a river  
On our moonlight drive

Moonlight drive

C'mon, baby, gonna take a little ride  
Down, down by the ocean side  
Gonna get real close  
Get real tight  
Baby gonna drown tonight  
Goin' down, down, down
