

Let's Fade Away

The Downtown Fiction

Let's go take a ride
We can sink into the ocean
Coming off the line
Filled with sweetness and devotion
Let's fade away
Aaaahhhh
Let's fade away

Don't talk to me anymore
Don't look for me cuz I'm not even home
There's no one to replace
To replace what you lost
Call to me in prurient dreams
My nightmares have become your fantasies
Built it prison in my mind
In my mind turned to black

Let's go take a ride
We can sink into the ocean
Coming off the line
Filled with sweetness and devotion
Let's fade away
Aaaahhhh
Let's fade away

Don't run from me
Steal my pride
Your alligator tears show darker sides
There's no one else to take my place
Chalk it off to old mistakes
It's good
Good

Let's go take a ride
We can sink into the ocean
Coming off the line
Filled with sweetness and devotion
Let's fade away
Aaaahhhh
Let's fade away

Let's fade away

Respective roles have been reversed
Ancient plans have all been cursed
There's no one else to take my place
Chalk it off to old mistakes

Let's go take a ride
We can sink into the ocean
Coming off the line
Filled with sweetness and devotion
Let's fade away
Aaaahhhh
Let's fade away
