

# Don't Make Me No Promises

## The Dramatics

(Don't... baby, don't)  
(Baby, don't)  
(Baby, don't, baby, don't)

Don't, make me no promises  
Don't, make me no deals  
Baby, don't, tell me no little white lies  
Oh, just be for real

You say you're gonna do right by me  
And stop your messing around  
You build my hopes up to the sky (went to the sky)  
And then you let me down

If you don't love me, baby  
Then spare me the pain  
Of wanting you, and loving you (and hanging on)  
And hanging on in vain

Baby don't, make me no promises  
Don't, make me no deals  
Baby, don't, tell me no little white lies  
Oh girl, just be for real

You said you're gonna stick by me  
Till death do us part  
And everytime you break your promises (break your promises)  
You end up breaking my heart

Love is love  
There are no in between  
You've got to mean what you say (mean what you say)  
You've got to say what you mean

Baby, don't, make me no promises  
Oh, don't, make me no deals  
Baby don't, tell me no little white lies  
(Don't, just be for real)

(Oh, don't) don't  
(Woo, don't) don't  
(Make me no promises)  
Don't make me no promises  
(No, no, baby)  
(Don't, don't)  
No, no (oh, don't)  
Don't make me no deals  
(Make me no deals)

(Hey baby, don't) and whatever you do  
(Please, don't) make me no promises  
(No, no, no, no, oh don't)  
(Make me no deal) (hey, hey, don't)  
Make me no promises (woo, don't)  
Make me no deal (hey, don't)  
Tell me no little white lies  
Just, just be for real (hey baby)

Don't (make me no promises)  
No, don't make no promises  
Baby, don't (make me no deal)  
And no deals (baby, don't)  
Tell me no little white lies  
Whatever you do don't tell me a lie  
Girl, just be for real  
Please, be for real (hey, baby)  
Don't, make me no promises  
Promises promises... (don't babe, don't)  
Don't, make me no deal...
