

You Could Become The Very Heart Of Me

The Dramatics

Haven't I seen your face before?
Hey girly girl whoever you are
Maybe in a dream
Or a motion picture screen
Cause girl you are sure enough a star

Something you've got brings out the man in me
And if you stick around
You could become the very heart of me
Stop and go the start of me

The way you're walking
The way you're talking
Lights me up just like a neon sign
Hey what's your secret?
Come on tell me girl
How did you become so super fine?

Nature's gift to me girl that's what you must be

And if you stick around
You could become the very heart of me
Stop and go the start of me

Nature's gift to me girl that's what you must be
And if you stick around girl
You could become the very heart of me
Stop and go the start of me

Haven't I seen your face before?
(Hey baby mmm hmm)
Hey girly girl whoever you are
(Listen baby baby)
Maybe in a dream
Or a motion picture screen
Cause girl you are sure enough a star
You been good to me baby
Oh no no
Seen your face baby...
