

# Polka Pit

The Dreadnoughts

And a warm, warm welcome  
And we start with a song that should bring back a few memories  
Posterity is callin', destiny is near  
Welcome to the new sound that the people wanna hear  
It's gonna sweep the nation, it's gonna be a hit  
Join us in the fire of the Polka Pit  
You don't wanna miss us, when we come around  
Over in the tavern on the wild side of town  
Take your stupid life and beat the devil out of it

Deep inside the fury of the Polka Pit  
The Polka Pit is near! It's blood, sweat, beer!  
I have seen the future and the future is here!  
Keep it hardcore! Keep it real 2 4!  
And the people gonna' roar for it!  
Polka Pit!  
Polka Pit!

Gonna nail the tempo, gonna stick beats  
Gonna send a million volts, into your feet  
Gonna hit the triples, like Katerina Witt  
Deep inside the fire of the Polka Pit!  
In the clubs and ballrooms of cities far and wide  
Shout out to Braves Combo and The King's Polkacide!  
The people wanna do it, they're champin' at the bit

To get back in the fury of the... Zicke Zacke, Zicke Zacke  
Polka Pit meine Frau, take a little vow!  
I have seen the future and the future is now!  
Keep it hardcore! Keep it real two four!  
And the people gonna' roar for it  
Polka Pit!  
Polka Pit!

Here we go!  
Hey!  
So when your brothers dry, you fill his empty cup  
If a sister goes down you pick her back up  
And when it's all over, sure you will admit  
Salvation's in the middle of the...

Polka Pit is near. It's blood, sweat, beer  
I have seen the future and the future is here  
Keep it hardcore! Keep it real 2 4!  
And the people gonna' roar for it!  
And the people gonna' roar for it  
And we are never gonna quit

Polka Pit  
Hahaha
