

## Shiloh

### The Dreadnoughts

Oh Shiloh, Here's mud in your eye  
We're hauling away from Shiloh town  
Get one long look fore You say your goodbyes  
We're hauling away from Shiloh

We're rolling this shanty block out on the water  
We're hauling away from Shiloh town  
Oh we've robbed just sons blind and we've loved all your daughters  
We're hauling away from Shiloh

So let her drift out where she lay  
The river will take us away  
With lodestar above aye and trammels in tow  
We are hauling away from Shiloh

Now the girls of the landing  
They're plump and they're pretty  
We're hauling away from Shiloh town  
And the old Mississippi Has beauties a'many  
We're hauling away from Shiloh

There's parsons and lawmen with plenty of money  
We're hauling away from Shiloh town  
Well, to store in the hold of this old flying jenny

We're hauling away from Shiloh

So let her drift out where she lay  
The river will take us away  
With lodestar above aye and trammels in tow  
We are hauling away from Shiloh

So Shiloh now dry out your tears  
We're hauling away from Shiloh town  
For we gave ya tales you'll be tellin' for years  
We are hauling away from Shiloh

There's river rats, junkers and sailormen too  
We're hauling away from Shiloh town  
But we are the boys who can pull her straight through  
And we are hauling away from Shiloh

So let her drift out where she lay  
And the river will take us away  
With lodestar above aye and trammels in tow  
We are hauling away from Shiloh

With lodestar above aye and trammels in tow  
We are hauling away from Shiloh
