# Code Blue

**The-Dream**

The closer I get to you
The more I feel like crying
The farther I get from you
The more I feel like dying

You said you'll be right here forever, baby
Oh, I know this will be
There's no forever, baby
I'm just looking for a little favour
And you're just trying to save a little time
Baby, let me give you a piece of mine
Forever

That's what I get for loving you
Code blue
That's what I get for loving you
Code blue
And that's what I get for loving you
Code blue
And that's what I get for loving you
Code blue

Take whatever's left of me
If you go without your heart you will never know
You, me
As we walk into those doors
In the shadows of the unknown

I think of you daily
Loving every day about you
And I hope that you
You love everything about me too
But don't you leave me right here
Don't leave me right here, oh, no
Stay with me just a couple minutes more

That's what I get for loving you
Code blue
That's what I get for loving you
Code blue
That's what I get for loving you
Code blue
That's what I get for loving you
Code blue

That's what I get for loving you
That's what I get for loving you
Code blue
That's what I get for loving you
All I do, all I do
Code blue
That's what I get for loving you
Code blue

That's what I get for love
That's what I get for love
That's what I get from you
