

# Controlled

The-Dream

I'm trying to find the words to tell you  
And I really don't want to hurt you but  
Through your eyes I'm everything but grown  
You say I can handle the world alone  
But you haven't given me a chance to be free  
Someday his grace will shine right down on me  
Opening up the gates to all my dreams  
It's gonna come somehow, someway

I know it's hard you never thought  
The day would come when we would part  
No one can take your place here in my heart

But I'm controlled  
And you know someday  
You've got to let me go  
So just open up your heart  
And see that all I want  
Is the key to my soul  
Just one moment to call my own  
I'm controlled  
And the time will come  
You'll have to let me go  
So don't be scared  
And try to understand  
Why I need time for me  
But please listen

For so long I've been praying for the night  
Anticipating just the right time  
I can take my breath of life  
And I always knew I was headed for the sun  
I'll reach for the stars  
If I could just touch one  
I know it's out there somewhere

I know it's hard you never thought  
The day would come when we would part  
No one can take your place here in my heart

But I'm controlled  
And you know someday  
You've got to let me go  
So just open up your heart  
And see that all I want  
Is the key to my soul  
Just one moment to call my own  
I'm controlled  
And the time will come  
You'll have to let me go  
So don't be scared  
And try to understand  
Why I need time for me

I've got to stay faithful to my dreams  
Just be strong, don't give up  
It'll be alright, hold on tight

I've got my wings now I can fly

But I'm controlled  
And you know someday  
You've got to let me go  
So just open up your heart  
And see that all I want  
Is the key to my soul  
Just one moment to call my own  
I'm controlled  
And the time will come  
You'll have to let me go  
So don't be scared  
And try to understand  
Why I need time for me

I'm controlled  
And you know someday  
You've got to let me go  
So just open up your heart  
And see that all I want  
Is the key to my soul  
Just one moment to call my own  
I'm controlled  
And the time will come  
You'll have to let me go  
So don't be scared  
And try to understand  
Why I need time for me
