

## Ecstasy

The-Dream

Is it ecstasy, are you that bad?  
You know you're nigga gon' need that lapdance  
I need to feel how you gon' feel on top  
Ta-la-la, huh, ta-la-la  
I know need your V up on entrance  
All this money on me, let's go the distance  
Get to the champagne room until they put my ass out  
Ah-la-la, huh, ah-la-la  
Imma need a fat ass or double D's  
Go good head, nigga never leave  
Say this shit good, it better be  
Well do that shit, stop telling me  
Shorty I need action, Jackson  
Take it back to the mansion  
Credit cards, breaking bad  
Change your motherfucker fashion  
Assets, baguettes  
Titanium is for a bad bitch  
Your old nigga had plastic  
No going back, elastic

Glad that I got you, hey girl  
We could be anywhere in the world  
There's no place I now I'd rather be  
Huh  
It looks like you feel the same  
Tonight let's turn into five base  
And I still don't know your motherfucking real name

Get it, get it, get it, yah  
Ta-la-la  
(Oh) Get it, get it, get it, yah  
(Oh) Get it, get it, get it, yah  
Ta-la-la  
(Slow), get it, get it, get it, yah

Is it ecstasy, are you that bad?
