

# Fancy

## The-Dream

Through the sheets, she climbs her way up to this bed singing melodies  
Run my fingers in her hair and say come to me  
First there is a no, then she says yes baby  
She's the Dream of a billion men  
Go girl ayyyyyyyy hiiiiiii iii  
Go girl ayyyyyyyy hiiiiiii iiiiii

See she made her way from nothing  
Can't fault her for wanting something  
She loves men that can afford (yea)  
She wants to, live fancy  
Trips to Monaco, designer names from head to toe (they're fancy)  
On planes that fly clear across the roaming skies  
Brilliant cars, Spend evenings among the stars (live fancy)  
Diamond rings ooh ooh ooh o  
All those things... live fancy  
She spends her time  
Aboard yachts if not, somewhere tasting wine  
In Paris seducing me while we dine  
She's only 23, but ahead of her time  
She's the Dream of a billion men  
Go Girl

See she made her way from nothing  
Can't fault her for wanting something  
She loves men that can afford (yea)  
She wants to, live fancy  
Trips to Monaco, designer names from head to toe (they're fancy)  
On planes that fly clean across the roaming skies (live fancy)  
Brilliant cars, Spend evenings among the stars (live fancy)  
Diamond rings ooh ooh ooh o  
All those things... live fancy  
Cause of me all she do, is walk around in Italian shoes  
She's probably a girl you used to know  
I can see her beauty with both eyes closed  
But you didn't notice she fell in love with what she noticed  
That I'm fancy

Trips to Monaco, designer names from head to toe (I'm fancy)  
On planes that fly clean across the roaming skies (I'm fancy)  
Brilliant cars, Spend evenings among the stars (I'm fancy)  
Diamond rings ooh ooh ooh o  
All those things... (I live fancy)  
You can be from the hood, but I know you wanna live (fancy)  
East Side, West Side, South Side, but you wanna live (fancy)  
She's wit me, cuz she wanna to live (fancy)  
I'm with her, cuz she's B.e.a.u.t.i.f.u.l.  
(and you know I cant deny her)  
...and deserving  
She's deserving

She all on me cuz all I do is ride around the Bentleys coups  
Got no need she got me buying her them Fendi shoes  
All we do is shop until we drop right there in the floor  
All we do is make love foreign places til we cant no more

They say you can't buy love, man they lying

Is Christian LaCroix brings a smile, I'll buy it  
If she wanna make love on the edge of the world, I'll buy it  
Have anything she want cause she my girl, say it shawty got it

We flier than flyin in g5 jets  
Or First class, coach class no disrespect  
My New York apartment JFK  
In the helicopter just the pilots goin my way

I'm worldly swerving in Bentley whips  
Don't even have to watch how I spend my chips  
Dollars to Euros, I'm every nigga's hero  
Cause even when I used to rock polo I was (fancy)
