The-Dream

I love the way you rock
On me
I love the way you wear
Them jeans
I love the way you stare
So mean
I love way, you look at me
You graduated
You went to college
My nigga tried to hit it
I heard all about it
You kept it G
Low mileage
Now I'm your nigga, and I'm the proudest

I hope I never have to be your ex
I hope you never ever call me ex
I hope I never ever call you ex
You can be any alphabet other than ex
Girl I hope you never call me ex
Cause I don't know how I would handle that
If I ever have to be your ex
If I ever have to be your ex
If I ever have to be your ex
Killa

I don't ever wanna see you with a new nigga
And he don't wanna see me act a fool nigga
Word around town is I'm a cool nigga
So I ain't tryna be the rude nigga
And you don't wanna see me with a new girl
When you know that I should be with you girl
And you know my new girl ain't got no clue girl
Never act like we ain't got nothin' to lose girl

I hope I never have to be your ex
I hope you never ever call me ex
I hope I never ever call you ex
You can be any alphabet other than ex
Girl I hope you never call me ex
Cause I don't know how I would handle that
If I ever have to be your ex
If I ever have to be your ex
If I ever have to be your ex
Killa

Aye, aye, aye
Aye, aye, aye
Aye, aye, aye
Aye, aye, aye
Aye, aye, aye
Aye, aye, aye
Aye, aye, aye
Aye, aye, aye

I hope I never ever call you ex
I hope I never have to be your ex

I hope I never ever call you ex
I hope I never have to be your ex
