

Panties to the Side

The-Dream

Let me fuck you babe
Baby
Fuck you baby
Baby
Yep fuck you baby
Baby
What baby we all grown ups right
Baby well
Let me fuck you baby
Baby
Let me fuck you baby

All we need baby is me and you
Sail off just us too
It started off with just us flirtin
I tried to tell you mama
My mind so dirty
I can see your fully open
Once i get your body where i want
You'll never close em
So come make love to the
Romantic and everything you thought
You knew I'ma vanish
