

Real

The-Dream

See I could give a fuck what a nigga thinks
As long as I keep popping bottles of that drink
And I could give a fuck what a nigga do
As long as I've got Rollicies on my whole crew
You think I give a fuck? nigga look at my truck
Matter of fact, look at my girl
Look at my Benz motherfucker, look at my friends
All us niggas got ends
Look at my shit, nigga look at my watch
Look at my muthafuckin' drop, look at my yacht, boy stop
Look at all the shit you ain't got

This shit real nigga
The shit real in the field
Real nigga now, leave it in the will
Shit real nigga
The shit real in the field
Real nigga
What you can't have now
Leave it in the will

Pharrell in the white, Gucci in the yellow one
I'm up in the red one, I thought you said something

As long as I keep popping bottles of that drink
And I could give a fuck what a nigga do
As long as I've got Rollicies on my whole crew

Matter of fact, look at my girl
Look at my Benz motherfucker, look at my friends
All us niggas got ends
