

# Wee Hours

The-Dream

I want you  
To lay my body down  
Baby I need that thing right now  
Want you to be there with me, in me, be my 9-1-1, one  
Proud  
Is where our bodies meet  
In between me sheets  
I love how you give emergency response, 9-1-1, one

You're always open, twenty-four hours  
Come through, hit that, then we take showers  
Then a bitch step out smellin' like flowers  
Hit that shit again in the wee hours (Oh)  
In the wee hours (Oh), in the wee hours (Oh)  
In the wee hours (Yeah)  
And I'm always open, twenty-four hours  
Seven day, weekends, girl we wildin'  
Fuckin', I'm a thug, like, can't stop smilin'  
Hit that shit again in the wee hours (Oh)  
In the wee hours (Oh), in the wee hours (Oh)  
In the wee hours (Yeah)

I want you bad, I want you bad, I want you bad, I  
Know this is sad, know it's sad, I know it's sad, I  
Don't care, love how you pull my hair  
I love how we don't care  
I'm feelin' like it's my year  
That bomb D, that bomb D  
Got me keepin' hair ties and scrunchies on me  
You never know when the shit go down  
You never know when I go down  
Never know when I wanna go down  
Stay down

You're always open, twenty-four hours  
Come through, hit that, then we take showers  
Then a bitch step out smellin' like flowers  
Hit that shit again in the wee hours (Oh)  
In the wee hours (Oh), in the wee hours (Oh)  
In the wee hours (Yeah)

And I'm always open, twenty-four hours  
Seven day, weekends, girl we wildin'  
Fuckin', I'm a thug, like, can't stop smilin'  
Hit that shit again in the wee hours (Oh)  
In the wee hours (Oh), in the wee hours (Oh)  
In the wee hours (Yeah)

You're always open, twenty-four hours  
Come through, hit that, then we take showers  
Then a bitch step out smellin' like flowers  
Hit that shit again in the wee hours (Oh)  
In the wee hours (Oh), in the wee hours (Oh)  
In the wee hours (Yeah)

And I'm always open, twenty-four hours  
Seven day, weekends, girl we wildin'

Fuckin', I'm a thug, like, can't stop smilin'  
Hit that shit again in the wee hours (Oh)  
In the wee hours (Oh), in the wee hours (Oh)  
In the wee hours (Yeah)
