

You And Me

The Dreggs

Like the sun chases the wind
I will follow you into the sea
Free to go to a place we don't know or have ever been
Change of heart is a thing you've gotta let in

And it's been a little while
Since I've seen your pretty smile
You've been what I'm looking for
So leave your shoes at the front door and
It's a little lonely on the road
So won't you run away with me

And in the end it's just the two of us
And a bag of gold that we call home on the road
Just you and me
Say goodbye to the feelings that bring you down
Lift you up and make you feel proud

And it's been a little while
Since I've seen her pretty smile
You've been what I'm looking for
So leave your shoes at the front door and
It's a little lonely on the road
Oh won't you run away with me

Take my hand when the sun shines on these knees
It'll be just you and me
Don't you run away
It's been a little while
Since I've seen her pretty smile
You've been what I'm looking for
So leave your shoes at the front door and
It's a little lonely on the road
Oh won't you run away with me

And I know
That you wanna go somewhere with no name
Far away
To a sleepless city lane
So take my hand I'll lead you that way

And it's been a little while
Since I've seen your pretty smile
You've been what I'm looking for
So leave your shoes at the front door and
It's a little lonely on the road
Oh won't you run away with me

Take my hand when the sun shines on these knees
It'll be just you and me
Don't you run away
It's been a little while
Since I've seen your pretty smile
You've been what I'm looking for
So leave your shoes at the front door and
It's a little lonely on the road
Won't you run away with me
