Every Nite's a Saturday Night With You

The Drifters

Every night's a Saturday night with you
Even on a Monday night, ah we can have a party for two
Me and you
Tuesday, Wednesday, Thursday, and Friday through
Oh I wanna tell you every night's like a Saturday night with yo
u

Remember, when we used to meet the gang
How we always danced and sang
Those week ends through
Remember, sure you do

It's funny, but I don't miss them anymore
Though they were good times babe for sure
I wouldn't change the way things are right now

Every night's a Saturday night with you
Even on a Monday night, ah we can have a party for two
Me and you
Tuesday, Wednesday, Thursday and Friday through
Oh I wanna tell you every night's like a Saturday night with yo
u

Remember, how we met for our first date
I was nearly one hour late
And so [?] through
Remember, sure you do

You waited, you didn't ask me to explain
We walked together through the rain
And all that night, I made sure you were mine

Every night's a Saturday night with you
Even on a Monday night, ah we can have a party for two
Me and you
Tuesday, Wednesday, Thursday and Friday through
Oh I wanna tell you every night's like a Saturday night with yo
u

Every night's a Saturday night with you
Even on a Monday night, ah we can have a party for two
Me and you
Tuesday, Wednesday, Thursday and Friday through
Oh I wanna tell you every night's like a Saturday night with yo
u
