

Whatcha Gonna Do

The Drifters

Now what'cha gonna do
About half past eight
What'cha gonna do
About half past eight
It would knock me out
Yes to take you on date

You know you're so pretty
Lordy looky there
You're so pretty
Lordy looky there
Just strutting down the street
Long black wavy hair

Now what'cha gonna say
If I hold your hand
What'cha gonna say
If hold your hand
Will you look me in my eyes
And say I'm your lover man

You're gonna reel
You're gonna roll
We're gonna dance drink have a ball
What'cha gonna do
About nine o'clock
Have you heard the news
We gonna rock

We gonna rock
We gonna rock
We gonna rock
We gonna rock
Yes we gonna rock
Rock now can't get a shock

Yeah what'cha gonna do
When the church on fire
What'cha gonna do
When the church on fire

We gonna try on a hard
Climbing on a little bit higher

Just a little bit higher
Just a wee bit higher
A little bit higher
A little bit higher
We gonna keep on climbing
Till be begin to fly

What'cha gonna do
When the clock strikes one
What'cha gonna do
When the clock strikes one
You gonna holler please
Let's hucklebuck some more
