

So fill my cup up
Till I feel love
Wait, that's too much
Now I'm fucked up
Yeah, I'm past buzzed
Soon the re-up
From you
From you
So fill my cup up
Till I feel love
Now I'm so high
In a flashdrive
And these good times
Turn to bad times
So soon
So soon

Oh, my dear
I can't think clear
I, I am lost, oh
Oh, I am lost
Yeah, oh, my dear
You're the baddest here
No, I, I can't stop, no
No, I can't stop

I don't even want you
But every time that I am with you
It always seems to go down so smooth
I always lose

And I, I, I can't stop, no
And I, I, I can't stop, no
And I, I, I can't stop, no
No, I can't stop

So fill my cup up
Till I feel love
Wait, that's too much
Now I'm fucked up
Yeah, I'm past buzzed
Soon the re-up
From you
From you
So fill my cup up
Till I feel love
Now I'm so high
In a flashdrive
And these good times
Turn to bad times
So soon
So soon

Run me dry
I can never hide
From all of these thoughts, no
All of these thoughts

And I don't really want to
But, oh, you got away with your moves
And now that I am lost in space, too
It's all bad news

And I, I, I can't stop, no
And I, I, I can't stop, no
And I, I, I can't stop, no
No, I can't stop

So fill my cup up
Till I feel love
Wait, that's too much
Now I'm fucked up
Yeah, I'm past buzzed
Soon the re-up
From you
From you
So fill my cup up
Till I feel love
Now I'm so high
In a flashdrive
And these good times
Turn to bad times
So soon
So soon
