

Heart Of Mine

The Driver Era

Don't get so down
Don't get so down
It won't mean anything

Laughing at how
We're better off now
For such a silly thing

Lost if I'm hopeless
Still yet I know this
I will get caught in all the time
Ain't it amazing?
Constantly changing
Don't want to let it go

Just hold me till sunrise
Let's save the goodbye
These feelings are hard to find
In this heart of mine
In this heart of mine

Yes, it is
Heart of mine

I always forget
When do flowers bloom?
(I always forget)

I always forget
It's all gone so soon
(I always forget)
Can I stay with you?

Lost if I'm hopeless
Still yet I know this
I will get caught in all the time
Ain't it amazing?
Constantly changing
Don't want to let it go

Just hold me till sunrise
Let's save the goodbye
These feelings are hard to find
In this heart of mine
In this heart of mine

Yes, it is
This heart of mine
This heart of mine
Ooh, baby, this heart of mine

We're caught in the fall
Don't know if I'll slip
It's so very hard
Take me and I will
We're caught in the fall
I fell now I'm here

Just hold me till sunrise
Let's save the goodbye
These feelings are hard to find
In this heart of mine
In this heart of mine

Yes, it is
Heart of mine
In this heart of mine
Yeah, it is, this heart of mine

I always
I always forget
I always forget
