

The Money

The Driver Era

If you choose the money (Money, money)
You could end up lonely (Ooh, yeah)
If you choose the money (Ooh)
You could end up lonely (Ooh)
If you choose the money

If you wanna go outside, I'll take you for a ride tonight, yeah
If you wanna be with me, come by my side I'll treat you right,
baby (Don't choose the money)
Don't leave the money, baby, we got all the things we like
Just you and me, my ride or die, and we gon' be alright let's g
et it, babe (I can take you breathin')

I can take you breathin', yeah
I can take you breathin' (Yeah, yeah)

Baby, I know you got me, nothing else
As long as you with me no one else
Baby, don't take the money just run out
All that I take is I do as you say, baby

If you choose the money (Money, money)
(If you choose the money)
You could end up lonely (Ooh)
(You could end up lonely)
If you choose the money (Ooh, ooh)
You could end up lonely (Ooh)
What if you choose the money?

If you wanna go outside, I'll take you for a ride tonight, yeah
(The money)
If you wanna be with me, come by my side I'll treat you right,
baby (Don't choose the money)
Don't leave the money, baby, we got all the things we like
Just you and me, my ride or die, and we gon' be alright let's g

If you choose the money (Money, money)
(If you choose the money)
I can take you breathin' (Ooh)
