

When You Need A Man

The Driver Era

You look miserable
But it's not your fault
He's been telling you lies

I see you fucking with a fuck boy
Girl, you know you got options
You don't have to be his toy
I can show you what love is
And trust is
Your highness
Here's my number
In case you wonder

Yeah, you should call me
When you need a man
Yeah, c-c-c-call me
Baby, I'll understand

When you need a man
When you need a man
When you need a man
When you need a man

There's no time to waste
So don't you hesitate
I will hold your hand, your hand

I see you fucking with a fuck boy
Girl, you know you got options
You don't have to be his toy
I can show you what love is
And trust is
Your highness
Here's my number
In case you wonder

Yeah, you should call me
When you need a man
Yeah, c-c-c-call me
Baby, I'll understand

When you need a man
When you need a man
When you need a man
When you need a man
