

# Obvious

## The Drums

(How obvious! How obvious!)

I remember  
Last time I saw you  
You were in my bed  
You were kissing me  
All over my body  
And I knew then  
I couldn't admit it  
I couldn't say right then  
But you've changed my whole life

And now baby  
Your love is good as gold  
And you deserve to be told  
You deserve to be told

So next time I see you  
I'll throw my arms around you on the street corner  
Cuz everything inside me wants to hold you  
And I realize it's obvious that I need you  
How obvious! How obvious!

Oh baby  
Forgive me when I hesitate  
It's not that I want to  
It just comes natural with a past like mine  
But oh baby, you did it  
Your consistency has opened up my heart

And now baby  
Your love is good as gold  
And you deserve to be told  
You deserve to be told

So next time I see you  
I'll throw my arms around you on the street corner  
Cuz everything inside me wants to hold you  
And I realize it's obvious that I need you  
How obvious! How obvious!

So next time I see you  
I'll throw my arms around you on the street corner  
Cuz everything inside me wants to hold you  
And I realize it's obvious that I need you  
How obvious! How obvious!

Last night it hit me  
And boy it hit so hard  
So hard

So next time I see you  
I'll throw my arms around you on the street corner  
Cuz everything inside me wants to hold you  
And I realize it's obvious that I need you  
How obvious! How obvious!

So next time I see you  
I'll throw my arms around you on the street corner  
Cuz everything inside me wants to hold you  
And I realize it's obvious that I need you  
How obvious! How obvious!

(How obvious! How obvious!)
