

Wrapped your hands around slowly
I don't wanna know what you're about
Never mattered much too me
But I'm not hollow that it's over now
And I don't even want to start, right?
I'm not saying I was happy enough
But you don't know you're anywhere now
And I don't want to know what you're about

So if don't come easy
You've got your difficult lies
And they don't mean nothing to me
And I'll stay up
If you don't know where you're coming from
So if it doesn't come at all

I take a minute look at you
Slightly ashamed I'm not involved
If only there was something I could do
The higher powers are involved in this now
And we don't get a chance to start, right?
I'm not saying I was happy enough
But you don't know you're anywhere now
I think you wanna know what I'm about

So if don't come easy
You've got your difficult lies
And they don't mean nothing to me
And I'll stay up
If you don't know where you're coming from
So if it doesn't come at all

You have a way of making me remember
The things I wanna forget
You don't slow down much
I don't see it the way you wanna see it [x2]

So if don't come easy
You've got your difficult lies
And they don't mean nothing to me
And I'll stay up
If you don't know where you're coming from
So if it doesn't come at all
