

Symptoms

The Dykeenies

Figure it out, then you fall again, you- will you
You figure it out, then you turn their heads, you- will
you
Figure it out, then you fall again, you- will you
You figure it out so you ruin yourself, you- will you
Figure it out, then you lose control, you- will you
You burn it down, you burn it down

You figure it out till your hearts collide, you- will
you
You figure it out till the day, it ends, you- will you
You figure it out, then you burn it all, you- will you
You figure it out, you figured it out

You figure it out, then you fall again, you- will you
You figure it out, then you turn their heads, you- will
you
You figure it out, then you fall again, you- will you
You figured it out, you figured it out

Put your heart away, your sleeve and sleeping weight
(put it away, put away, put it away)
Put your heart away you're making me feel again (put it
away, put away, put it away)

Put it away, put it away, put it away
Just put it away, just put it away
Put it away, put it away, put it away
Just put it away, just put it away

Something will come along soon
Something will come along soon
Something will come along soon
Something will come along soon

Put your heart away, your sleeve and sleeping weight
(put it away, put away, put it away)
We've been walking through the night but I change my
fate today (put it away, put away, put it away)
Put your heart away, your sleeve and sleeping weight, I
told you
Just put your heart away you're making me feel again-
gain-gain-gain

Put it away, put it away, put it away
Just put it away, just put it away
Put it away, put it away, put it away
Just put it away, just put it away

You figure it out, then you fall again, you- will you
You figured it out
