

Come And See Her

The Easybeats

Doctor, doctor, my baby's sick
(Come and see her, come and see her)
Doctor, doctor, you'd better come quick
(Come and see her, come and see her)
I brought her home from a dance last night
(Come and see her, come and see her)
When she started clingin' to me real tight

Doctor, doctor, my baby's so kind
(Come and see her, come and see her)
But doctor, doctor, she's gone out of her mind
(Come and see her, come and see her)
She started screamin' and looking above
(Come and see her, come and see her)
Tell me, doctor, can it be love?

She started shaking and pulling my hair
(Come and see her, come and see her)
Oh, doctor, doctor, you should've been there
(Come and see her, come and see her)
Oh, doctor, doctor, my baby is bad
(Come and see her, come and see her)
Doctor, doctor, I think she's been had

Oh, yeah
(Come and see her, come and see her)
My baby is bad
Oh, come and see her now
(Come and see her, come and see her)
Come and see her now
(Come and see her, come and see her)
Oh, no, oh, doctor, oh, doctor
Oh, come and see her now
(Come and see her, come and see her)
Oh, doctor
(Come and see her, come and see her)
Oh, doctor, oh, doctor
(Come and see her)
