

# Fancy Seeing You Here

The Easybeats

Fancy seeing you here  
Boy it's great to see you again,  
Fancy seeing you here  
Boy it's great to see you a....

I offered you my hand  
You didn't take it  
You couldn't be so kind  
To even shake it

You didn't say the word  
I wanted you to say  
I couldn't believe it  
When I saw you walk away

Fancy seeing you here  
Boy it's great to see you again,  
Fancy seeing you here  
Boy it's great to see you again

You made me look just like a fool before my friends  
You turned me down and walked away  
And now you tell me that you want me back again  
Well I got news for you  
Do what you want your days are through

For months on end it seemed  
You didn't know me  
And now from who knows where  
You stand before me  
You didn't say the word I wanted you to say  
I couldn't believe it when this is what you say

Fancy seeing you here  
Boy it's great to see you again,  
Fancy seeing you here  
Boy it's great to see you again

You made me look just like a fool before my friends  
You turned me down and walked away  
And now you tell me that you want me back again  
Well I got news for you  
Do what you want your days are through

Fancy seeing you here  
Boy it's great to see you again  
Fancy seeing you here  
Boy it's great to see you again  
Fancy seeing you here  
Boy it's great to see you again  
Fancy seeing you here  
Boy it's great to see you again  
Fancy seeing you here
