

Find My Way Back Home

The Easybeats

Yeah yeah
Yeah yeah

Went to see my honey today
At the hide away
By the way, there's another guy
Thought that I would die

I'm tryin' to find my way back home
I'm tryin' to find my way back home

Yeah yeah

Heard a lot of tales about it
It just hit me right
Now I found him with my girl
Get it lot of time

I'm tryin' to find my way back home
I'm tryin' to find my way back home

Little things that happened to me now
Thought you loved me so
Why'd you try so hard to prove it?
Better let me know

Little things, she'd never do that
Never put me down
Now I find, as soon as I left her
She's a run around

Easy!

Yeah yeah

Gotta get away from here now
Gotta turn 'round and run
Now I found she's been cheating
I'm a lonely one

I'm tryin' to find my way back home
I'm tryin' to find my way back home

I'm tryin' to find my way back home
I'm tryin' to find my way back home

Yeah yeah
Yeah yeah
