

# I'm On Fire

The Easybeats

I'm on fire  
Feeling I'm beat  
Neglecting to eat  
And sleep comes hard to find  
The pain on my eyes like I'm hypnotized  
As love burns through my mind

I'm on fire  
Pull down the blind  
And make it like it's nice and quiet  
Love's on my mind  
I got to have it satisfied

Baby, baby

Comes when I see  
The photos that we had took not long ago  
Stars in my head  
I feel like it's lead  
And sweat comes rollin' so

I'm on fire,  
Pull down the blind  
And make it like it's nice and quiet  
Loves on my mind  
I got to have it satisfied  
Baby, baby

I'm on fire,  
Pull down the blinds  
And make it so it's nice and quiet  
Love's on my mind  
I got to have it satisfied
