

# Kelly

The Easybeats

I remember happy sounds of long ago  
And wishing she was here right now, but no  
Dear Kelly's gone and broke my heart again  
It's over life was so much dearer then  
Oh-oh

So I say  
Kelly, Kelly, o-oh, o-oh  
Has any seen Kelly?  
She don't think I love her but I do...

Apple cider, my how she did drink it down  
Not only she was good at sipping brown  
The family walks a part of life that I  
Remember may for have that all again

So-I-say  
Kelly, Kelly, o-oh, o-oh  
Has any seen Kelly  
She don't think I love her but I do...

See the couples leave and make their way on home  
But I'll keep living for a batt'lion  
Wa wa wa, wa wa wa wa wa wa wa  
Wa wa wa, wa wa wa wa wa wa wa  
Wa wa wa

So-I-say  
Kelly, Kelly, o-oh, o-oh  
Has any seen Kelly, o-oh, o-oh  
Has any seen Kelly, o-oh, o-oh  
Kelly, Kelly, o-oh...
