

## Let Me Be

The Easybeats

I'd give you everything  
You want and more  
I'd give you anything  
Now that I'm sure

But when I stop to please you  
Set me free  
You know I'll always need you  
Let me be

I'd give you everything  
The stars above  
I'd give you anything  
To prove my love

But when I stop to please you  
Set me free  
You know I'll always need you  
Let me be

Meet in the day  
We meet in the night  
How will you feel  
When you find love's unreal?

I'll give you everything  
The day and night  
I'd give you anything  
Just treat me right

But when I stop to please you  
Set me free  
You know I'll always need you  
Let me be  
Let me be  
Let me be  
Let me be
