## The Easybeats

This is a song of how you take it  
Explanations of a girl done wrong  
She was harmed  
Sheddin' charm  
Still no one  
Loved her

Everybody listen, 'cause I got something strong to say  
I'm a man who loves her, so all you fellas stay away

Lisa  
Pretty little face with a pretty little smile  
Lisa  
Pretty little smile has all the men wild  
Lisa  
That is her name  
Lisa  
Ain't it a shame

All the guys know she's good lookin'  
But it's clear what's behind their eyes  
Now they sense  
Her defense  
Lies with me  
Who has her

Everybody listen, 'cause I got something strong to say  
I'm a man who loves her, so all you fellas stay away

Lisa  
Pretty little face with a pretty little smile  
Lisa  
Pretty little smile has all the men wild  
Lisa  
That is her name  
Lisa  
Ain't it a shame

Lisa, oh Lisa

Everybody listen 'cause I got something strong to say  
I'm a man who loves her, so all you fellas stay away

Lisa  
Pretty little face with a pretty little smile  
Lisa  
Pretty little smile has all the men wild  
Lisa  
Yeah!

Lisa  
Lisa  
Lisa...
