

Would You Come With Me

The Elected

You got a hunting cap on
you're up at dawn with me
but we don't shoot at deer
so we just sit right here and sing

and we've been up at night
and our eyes are tired
but now there's light enough to see
so if I leave right now
would you come with me?

I had this sadness
creeping like vines over me
I didn't get what I want
so I just took what wanted me

and I was making bad bets
for when the odds look good
you gotta play the hand you see
so if I leave right now
would you come with me?
I think I could leave right now
if you'd come with me

I got this friend, she doesn't like to fly
but that don't bother her none, no
she's taking trips all the time
and I wish I was that friend, flying away
but I got my feet right on the ground
so if I leave right now
would you come with me?
I swear I would leave right now
if you'd come right now

I swear I would leave right now
leave right now
leave right now
leave right now
I would leave right now
if you'd come with me
