

Bigger Cages (Longer Chains)

The Enemy

King of your castle
But where's your queen?
Paid for your muscle
You stay squeaky clean

It's never gonna stop if you keep hiding from yourself
It's never gonna stop, you've got

Bigger cages, longer chains
Now it's the time, it's the time, the time for change
Bigger cages, longer chains
Now it's the time, it's the time, the time for change

King of your castle
But where've you been?
Making examples
Always super keen

It's never gonna stop if you keep running from yourself
It's never gonna stop, you've got

Bigger cages, longer chains
Now it's the time, it's the time, the time for change
Bigger cages, longer chains
Now it's the time, it's the time, the time for change

Bigger cages and longer chains
Now it's the time, it's the time, the time for change
You've got bigger cages and longer chains
Now it's the time, it's the time, the time for change
