

Rock & Roll Queen

The Enemy

You are the sun
You are the only one
My heart is blue
My heart is blue for you

Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen

You are the sun
You are the only one
You are so cool
You are so rock 'n' roll

Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen

You are the sun
You are the only one
You are so cool
You are so rock 'n' roll

Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen
Be my, be my, be my little rock 'n' roll queen
