

Trouble

The Enemy

Can someone please explain
'Cause I feel like I'm insane
I don't understand a thing these days
Maybe I'm too set in my ways

Can someone put me back on track
Before I have a heart attack
I don't understand a thing you say
Every conversation's like a maze

And if it looks like trouble
Sounds like trouble
Smells like trouble
It must be trouble, yeah

Oh if it looks like trouble
Sounds like trouble
Smells like trouble
It must be trouble, yeah

Can someone please explain
'Cause I feel like I'm in pain
I don't understand a thing these days
Maybe I'm too set in my ways

Can someone put me back on track
Before I have a heart attack
I don't understand a word you say
Every conversation's like a maze

And if it looks like trouble
Sounds like trouble
Smells like trouble
It must be trouble, yeah

Oh if it looks like trouble
Sounds like trouble
Smells like trouble
It must be trouble, yeah

Well you know, and I know
Exactly what this is
We both know, it's a no-go
It's just trouble, and you know it
You know it

You know it looks like trouble
Sounds like trouble
Smells like trouble
It must be trouble, yeah

Oh if it looks like trouble
Sounds like trouble
Smells like trouble
It must be trouble, yeah

And if it looks like trouble

Sounds like trouble
Smells like trouble
It must be trouble, yeah

Oh if it looks like trouble
Sounds like trouble
Smells like trouble
It must be trouble, yeah
