

# We'll Live And Die In These Towns

## The Enemy

You spend your time in smokey rooms  
where haggled old women with cheap perfume say  
"it never happens for people like us you know"  
well nothing ever happened on it's own  
and well the toilets smell of desperation  
the streets all echo of aggregation  
and you wonder  
why you cant get no sleep  
when you've got nothing to do,  
and you've had nothing to eat  
your life's slipping  
and sliding right out of view  
and there's absolutely nothing  
that you can do, well

We'll live and die,  
We'll live and die in these towns  
Don't let it drag you down  
Don't let it drag you down now

We'll live and die,  
We'll live and die in these towns  
Don't let it drag you down  
Don't let it drag you down now

Dirty dishes from a tv meal  
that went cold from the wind  
through a smashed up window  
You cant go out if anybody calls ya  
cos you cant have a bath  
when there's no hot water  
and your friends are out  
on the town again  
and you ask yourself if it will ever end  
and it's all too much for your head to take  
just a matter of time before you break, well

We'll live and die,  
We'll live and die in these towns  
Don't let it drag you down  
Don't let it drag you down now

We'll live and die,  
We'll live and die in these towns  
Don't let it drag you down  
Don't let it drag you down now

Now...  
Now...

We'll live and die,  
We'll live and die in these towns  
Don't let it drag you down  
Don't let it drag you down now

We'll live and die,  
We'll live and die in these towns

Don't let it drag you down  
Don't let it drag you down now
