

# Let Her Dance

The Equals

Testing, testing

Well, there she goes with a brand-new love affair  
Dancin' with him like she don't even care

Well, let her dance with him  
Let her dance all night long (dance, let her dance, let her dan  
ce, dance, dance)  
(Let her dance, let her dance, let her dance, dance, dance)

Well, who would've known that just yesterday  
She danced with me the very same way?

Well, let her dance with him  
Let her dance all night long (dance, let her dance, let her dan  
ce, dance, dance)  
(Let her dance, let her dance, let her dance, dance, dance)

Well, let her dance with him all night long  
Let her dance to our favorite song

Well, let her dance with him  
Let her dance all night long (dance, let her dance, let her dan  
ce, dance, dance)  
(Let her dance, let her dance, let her dance, dance, dance)  
Oh!

Well, I'll find me a new love and then she'll see  
Someone else will be dancing with me

Well, let her dance with him  
Let her dance all night long (dance, let her dance, let her dan  
ce, dance, dance)  
(Let her dance, let her dance, let her dance, dance, dance)

Well, let her dance with him all night long  
Let her dance to our favorite song

Well, let her dance with him  
Let her dance all night long (dance, let her dance, let her dan  
ce, dance, dance)  
(Let her dance, let her dance, let her dance, dance, dance)  
Oh!
