### The Ergs!

I get so lonely sometimes  
When I start wishing you were mine  
But I know you're not that king of girl  
But I just wanna let you know  
I'm in love with you

I get to thinking sometimes  
When you start being unkind

And I know you're not that kind of girl  
And I don't need this broken heart  
It belongs to you

I've got these stupid crazy feelings baby  
I don't know why  
I don't know if I can make it better  
But I am willing to try
